

# Anonymous Face Cast Lab Questionnaire

Office Only:

Face # \_\_\_\_\_

100 years ago, when anthropologists recorded information about humans they researched, they only noted people's visible facial and body measurements. As part of Face Cast Lab, we're asking you questions that only you can measure.

Please answer these questions as truthfully as you want.

1. What is your first memory?

I remember a plumber fixing our kitchen sink. There was water everywhere

2. Is there a place/are there places you call home?

yes. Potomac, MD

3. What is your favorite feature of your face?

my eyes

4. What is your favorite feature of your body?

my belly

5. Do you consider yourself normal?

I'm not sure

6. What do you want to happen with your remains after you die?

I want to be buried with my family

7. Do you want to be remembered? If so, how?

As a lover

8. What music/album would you listen to if you had to sit for a half hour with no vision and no sense of smell? (If you don't know the specific music, what mood?)

Pavarotti

9. If a duplicate was made of your face, what would you want to do with it?

I want it shot into outer space

10. What is your age?

39
